**RESPONSE TO RESTRICTION REQUIREMENT**

MS Amendment  
Commissioner for Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

In response to the restriction requirement set forth in the Office Action mailed September 13, 2004, applicant hereby provisionally elects Group I (claims 1 and 3) drawn to methods of screening ligands or compounds that promote or inhibit a function of an orphan receptor protein for continued examination, with traverse.

The Commissioner may require restriction if two or more independent and distinct inventions are claimed in a single application (37 CFR 1.142(a)).

If the Examiner is aware of another method to make the product as claimed, using a process which is materially different from that set forth in the restricted claims, applicant respectfully requests the Examiner to substantiate his position in greater detail. Otherwise, it is respectfully requested that the restriction requirement be withdrawn, and that each of claims 1, 2 and 3 presently pending in this application be examined.

Respectfully submitted,
